

Feedback Form

As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: This whole program has not only helped me stay clean but helped me change back to the old person that I was before I started using. This program has helped me with many sad things that happened while in the program. The staff is amazing and you can tell how much they really care and want to see us sober and living a clean lifestyle.

Parent: The impact of watching other kids graduate and hear all the input from peers + parents was priceless. All new parents should see that, whether it be live or taped. (obviously with permission from parents) It gives you hope early on in what seems like a very hopeless situation. Every Parent vite was Awesome!! Dave is one of the best I have ever seen.

*possible improvement, ask parents that have experienced the whole process to come back and share from time to time. Also, gives the new parents a sense that their is an end to the whole process. Before moving on to the next step.
