As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: I myself do not think ASAP needs to improve anything. The way that ASAP's staff performs is very good. I was pleased with the staff, they knew how to help each client in their own special way. They were always helpful and always cared for their clients with respect.

Parent: ASAP found ways to help my daughter with transportation. Because staff members didn't give up on my daughter, she is now completing the program. She learned a lot about her drug usage & how her decisions will affect her life & her family, also. I believe that this program was a success!
